FAMILY OF COMPANIES

The Structure Tone organization operates the following independent construction companies:

LF Driscoll Company, LLC

LF Driscoll, headquartered in Philadelphia, joined Structure Tone in 2009 and is one of the region's top builders. Founded in 1929, LF Driscoll's experience includes a broad range of owner/builder contract types including construction management at-risk, agency construction management, design/build and general construction.

Pavarini Construction Co., LLC

Pavarini has been servicing Connecticut for more than 20 years, meeting the needs of corporate commercial, higher education and healthcare customers for redevelopment and expansion.

Pavarini McGovern, LLC

Founded as part of the Structure Tone organization in 2001, Pavarini McGovern is a construction management and general contracting firm, focusing on the construction of new buildings and major expansions in a variety of market sectors in the greater New York metropolitan area.

Structure Tone, LLC

Founded and headquartered in New York City in 1971, Structure Tone is one of the leading full-service construction management companies in New York, Boston, New Jersey and greater Philadelphia markets. We are the third largest contractor and largest interior contractor in New York, supporting clients throughout the US and internationally through the Structure Tone organization network.

Structure Tone International, LLC

Established in 1988, Structure Tone International is a leading construction service provider specialising in high quality fit-out, refurbishment and mission critical projects through offices in Ireland and the United Kingdom.

Structure Tone Southwest, LLC

With offices in Austin, Dallas, Houston and San Antonio, Structure Tone Southwest provides a full range of construction services ranging from site selection to out-of-the-ground construction and interior fit-out, since 1977.
